DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 3-4, 6-7, 10-16 and 21-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 21-23 each require the sheet of material to be corrugated and subsequently, folded. This appears to be inconsistent with the preamble as well as the final step which describes the decorative grass to comprise a plurality of segments wherein each segments has a plurality of folds. Therefore, the claims are indefinite. Applicant is required to point to that portion of the specification which provides a teaching of this process of making corrugated decorative grass (emphasis added).

Further, the difference between slitting the folded corrugated material and cutting the strips is unclear. If applicant intends the strips of corrugated material to be cut into segments, the claims should be so drafted.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTIONS IS MADE FINAL**. See MPEP 706.07a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
